### Master of Science: Computer Applications Development | 2018-2021

**Jaipur National University** - Jaipur Rajasthan

- I have completed a **Master of Computer Applications (MCA)** degree with a GPA of 74.30%, during which I gained a strong foundation in software development, database systems, web technologies, and application architecture. My academic experience included hands-on projects, collaborative learning, and practical exposure to modern programming languages and frameworks. This background has equipped me with the technical and problem-solving skills essential for full-stack and mobile application development roles.
- **GPA: 74.30%**

### Bachelor of Science: Computer Engineering | 2015-2018

**Gujarat University** - Ahmedabad, Gujarat

- I have completed a **Bachelor of Science in Information Technology (B.Sc. IT)** with a GPA of 79.10%, during which I developed a solid understanding of computer systems, software engineering, networking, and database management. Throughout the program, I engaged in practical lab work and team-based projects that sharpened my technical, analytical, and collaboration skills, laying a strong foundation for my career in software and web application development.
- **GPA: 79.10%**

### H.S.C | 2014

**Rajasthan Board** - Rajasthan

- I completed my **Higher Secondary Certificate (HSC)** under the Rajasthan Board of Secondary Education (RBSE) with a **percentage of 52%**. The curriculum provided a strong academic foundation in mathematics, science, and computer fundamentals, which helped shape my logical thinking and problem-solving abilities—essential skills that supported my transition into the field of information technology and software development.
